

RUSSIA PREPARED TO STRIKE FIRST BLOW

SENATOR HANNA HAS TYPHOID. ROOSEVELT STRONGLY ENDORSED.

Physicians Declare Outlook is Hopeful for Sick Man.

Crucial Point, However, Will Not Be Passed for a Week.

Promise to Use Their Best Efforts to Have Him Re-elected.

WASHINGTON, February 5.—Senator Hanna is officially pronounced to have typhoid fever. The following bulletin was issued by his physicians immediately after the consultation at 1 o'clock this morning.

HAS TYPHOID FEVER.

"Senator Hanna has typhoid fever. The diagnosis confirmed by the complete blood examination reported this morning by Dr. Edward Bohrond. The Senator rested fairly well last night, and this morning his temperature is 100, pulse 82."

Dr. Bohrond is a microscopic expert of this city. He made two tests. One showed the presence of typhoid bacillus. The second test was made to confirm the first one. The physicians will issue no more bulletins before evening unless some unexpected development occurs.

Those in consultation over the case were Dr. Rixey, who has been Mr. Hanna's regular attending physician; Dr. MacGruder and Dr. Bohrond.

SYMPATHY OF PRESIDENT.

President Roosevelt walked over from the White House this morning personally to inquire after the Senator's condition. He talked earnestly about the case with Elmer Doer, Secretary to Mr. Hanna, for ten minutes and expressed his warm sympathy.

HE IS KEPT QUIET.

No one except his regular household is permitted to see the Senator. His

BURNED TO DEATH.

MONTREAL, Feb. 5.—Three persons were burned to death in a fire in a dwelling house today and four others probably fatally injured. The dead: MRS. EDWARD CRAWFORD.

WILLIE CRAWFORD, her son.

JAMES HOGAN, her son-in-law.

The injured: MRS. ETHEL HOGAN.

JAMES HOGAN, her infant son.

THOMAS HARE.

Hare and Mrs. Hogan with her infant in her arms, jumped from the second story.

HAD ROUGH TRIP.

NEW YORK, Feb. 5.—One seaman was washed overboard during the rough and tempestuous voyage of the steamer Bluecher, which arrived today; one fell and broke his leg and a boy was injured. The steamer encountered a succession of high gales and very rough seas with hurricane squalls of hail and rain. The steamer Flinck, which arrived today from Antwerp, on her first trip since she grounded off Flushing, had an exceedingly rough trip, but without damage to the vessel or injury to passengers or crew.

BLUFF THAT DID NOT WORK.

Chamberlain Did Not Believe the Boers Would Fight.

LONDON, Feb. 5.—An interesting bit of ante-war history was revealed by the Liberal leader, Sir Henry Campbell-Bannerman, in the House of Commons today in the debate on the proposed amendment to the address in reply to the speech from the throne. Referring to Joseph Chamberlain's gibes at the attitude of the opposition when Mr. Chamberlain yesterday defended the course of the Government toward the Transvaal, Sir Henry said that when Mr. Chamberlain interviewed him June 20, 1899, prior to the war, and asked him if the opposition would support the Government in sending out 10,000 troops to the Colony, he (Sir Henry) expressed surprise, whereupon Mr. Chamberlain said:

"You need not be alarmed. There will be no fighting. We know these fellows won't fight. We are playing a game of bluff."

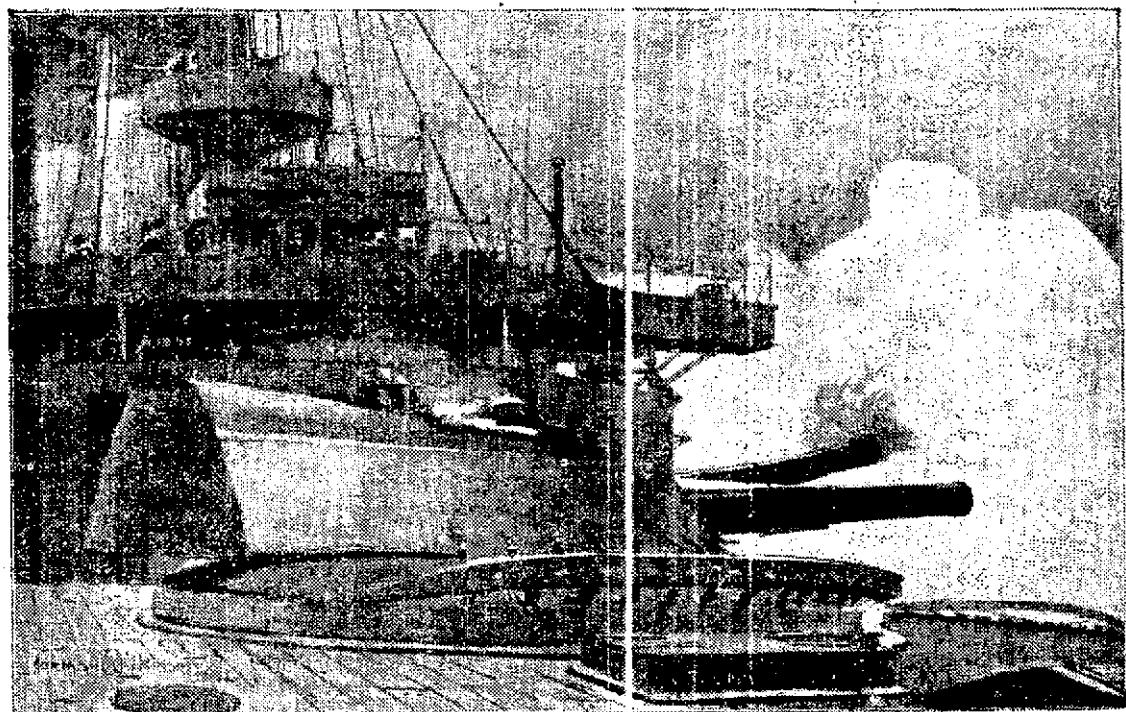

As a result, Sir Henry added, the opposition refused to relieve the Government of any responsibility regarding the course it chose to pursue.

The statement of Sir Henry was greeted with roars of laughter from the opposition benches.

Mr. Chamberlain in reply said he did not remember using the word "bluff."

His only object in approaching Sir Henry was to make sure that the South African question should not be treated in a party spirit, so that the Boers might be convinced of the earnestness of Great Britain.

RUSSIAN TROOPS ARE READY TO SEIZE NORTH KOREA.

JAPANESE BATTLESHIP FIRING HER 12-INCH GUNS FORWARD.

LONDON, February 5.—A dispatch to the Central News Agency from Tokio says that the newspapers there publish telegrams saying that 20,000 Russian troops have concentrated in the Yalu Valley, with the probable intention of seizing North Korea.

It is added that hope of maintaining peace has been abandoned.

VISIT FOREIGN OFFICE.

LONDON, February 5.—Both the Russian Ambassador and the Japanese Minister visited the Foreign Office this afternoon. The latter stayed half an hour. The Russian Ambassador, who only remained ten minutes, subsequently was granted the use of the telegraph of the Colonial Office.

AT SENDER'S RISK.

NEW YORK, February 5.—The significant announcement that telegrams for Korea, and Japan would only be accepted at the sender's risk was made today by the Commercial Cable Company.

PREPARED FOR WAR.

LONDON, February 5.—Yuan Shikai, the commander of the Imperial army and navy, and the vice-president of the War Board have memorialized the throne, earnestly insisting upon an offensive and defensive alliance with Japan in order to regain Manchuria, cables the Shanghai correspondent of the London Globe this afternoon.

"The memorials," the correspondent adds, "maintain that the Japanese are better prepared for war than the Russians and are more disinterested."

BELL BOY WHO STOLE FROM BARONESS SAYS HE IS GUILTY.

SAN FRANCISCO, February 5.—James M. Walters, the bellboy who stole the diamonds, valued at more than \$10,000, belonging to Baroness Helen Racziwill von Horst, from her apartments at the Colonial Hotel, on January 6, has been bought back from Minneapolis, where he was arrested. He admits his guilt.

RAIN WAS GENERAL.

SACRAMENTO, Feb. 5.—The rainfall of yesterday and last night was general throughout the Sacramento Valley and the foothills. The heaviest precipitation in the valley was at Chico, where 1.32 inches fell. Nearly 2 inches fell in the foothills. The rainfall to date in the valley is a few inches less than last season at a corresponding date. Heavy snowstorms prevailed in the mountains. During the present storm 24 inches of snow fell at Summit.

LIFE RAFTS FOUND.

MONTEREY, Cal., Feb. 5.—Three life rafts have been picked up in Monterey Bay within the last two days. One is of cork and terra cotta color, the other two being made of tule and painted lead color. They bear no names, nor has any other wreckage been seen. No vessels are known to have been lost in this vicinity. It is supposed that the rafts belonged to some vessel wrecked far north of here and that they have been driven south by the wind and ocean currents.

TRENTON, Pa., Feb. 5.—Six foreigners were burned to death today in a fire that destroyed half a dozen buildings.

CATTLE STARVING IN SOUTH.

Already Large Numbers Have Died on Range.

Strong Efforts Are Being Made to Raise the Quarantine.

SACRAMENTO, February 5.—Dr. C. H. Blerner, State Veterinarian, returned to Sacramento this morning from an investigation of conditions in the southern part of the State.

STARVING CATTLE.

He reports the outlook as discouraging for the cattlemen. He states that unless the quarantine against the south can be lifted so as to permit the starving cattle to be brought north there will be an enormous loss. Already many cattle have perished from hunger, and nearly all of those remaining are too weak to stand shipment out of the State.

Dr. Blerner said he heard of buyers from Arizona and Colorado being in the south, but he expressed the opinion that the cattle would not survive the trip to Colorado, if the authorities of that State would permit them to enter.

COST OF HAY.

While there is plenty of hay in Colorado and some in Arizona, the cost of getting it to the starving cattle in the south is too great for the cattlemen to think of attempting to save their herds in this way.

Dr. Blerner said the range stock are too weak to stand dipping in crude oil as advised by Secretary Wilson of the Agricultural Department. In any event this is not to be considered in view of the fact that the status of Arizona cattle from infected districts cannot be shipped into that Territory.

ENTER PROTEST.

When told of the protest made to Governor Pardee by the stockmen of Sutter and Yuba counties against raising the quarantine against the cattle of the South, Dr. Blerner said he was sorry to hear of it. He declared there would be no danger in moving the cattle as none but healthy stock would be sent North. In the quarantine were removed.

No cattle would be allowed to pass to the North until they were inspected, he said, and in this way all cattle infected with Texas fever would be kept out. He explained that the loss to the Northern cattlemen from permitting the stock from the South to mingle with their herds during the drought of 1890 was due to the fact that no inspection was made then. Now there are strict regulations by which all cattle can be inspected before removal and any found to be infected will not be permitted to leave the infected district.

FUNERAL OF LATE W. C. WHITNEY.

SACRAMENTO, Feb. 5.—The panic of 1893 had been the result of the crusade against the greater circulation of silver both in the United States and elsewhere. He declared that Mr. Cleveland's first term but Mr. Patterson declared that when Democrats contended that his second term covered a prosperous period they did violence to the facts of history.

PANIC OF '93.

The panic of 1893 had been the result of the crusade against the greater circulation of silver both in the United States and elsewhere. He declared that Mr. Cleveland's term was not a Democratic administration in fact, but that it presented the spectacle of a Democratic President putting Republican policies into execution.

Mr. Patterson declared the success-

FABIOLA REPORTS FOR A YEAR.

PRESIDENT MRS. JOHN YULE
TELLS OF GOOD WORK
AT HOSPITAL.

The annual meeting of the Fabiola Hospital Association was held this afternoon at 2:30 o'clock at the hospital. There was a large attendance of members. Reports were read by all the officers.

The association was informed that Mrs. H. E. Cooke, one of the directors, desired to retire from the directorate. It was also stated that Dr. Caroline Cole, the resident physician of the hospital, had announced that she intended to retire from her position and enter upon private practice, beginning March 1st.

PRESIDENT'S REPORT.

The annual address and report of the president, Mrs. John Yule, was as follows:

"Members of Fabiola Hospital Association: For twenty-six years, the doors of Fabiola Hospital have been open to the sick of all classes. For twenty-six years the women of Fabiola Hospital Association and the physicians have been tireless in their efforts for the sick and lame who come for care find a hospital equipment that shall provide most for comfort, happiness, speedy and permanent restoration to health.

CLASSES CARED FOR.

"As you know, we admit and care for three classes of patients: first, those destitute and unable to pay anything; second, those with limited means who are able to pay only part of cost, or perhaps just cost of food and medicine; third, those able to pay full hospital rates. All are suffering and seeking health. All alike are welcome and all receive tender care. However, I might add, should it happen that only one bed was vacant in the hospital, with two applying, one destitute, the other able to pay, other things being equal, the destitute one would be given the bed and care, for the one with money could find care elsewhere. On the other hand, it has never been the intention of Fabiola to supplant the County Hospital. We have a well-equipped and, I am told, a well-managed County Hospital. The largest part of Oakland's sick poor property belongs there, but it is situated twenty miles away and many cases can not or ought not be taken there.

PATIENTS CARED FOR.

"During the year just closed we have cared for 1400 patients, 938 regular hospital patients, 191 more than ever before in a single year. There hundred and sixty-four out patients, 112 more than last year, and 64 patients more cared for by our district nurse. Of these 400 were unable to pay anything and received free care; 74 of these were cared for in the hospital; 251 were out patients, 45 were cared for by the district nurse. The report was accepted and filed.

MEDICINE AND SURGERY.

The Medical and Surgical report by Dr. Caroline Cole made the following showing:

Patients in hospital, January 1, 1903, 39; admitted, during the year, 934; treated, 865; discharged, 664; in hospital, January 1, 1904, 39; cured, 663; total, 1000.

PAY AND OTHER PATIENTS.

"Of this showing, 322 paid just cost for care; of these, 294 were regular hospital patients and 35 were out patients.

"There were 471 patients who paid full charges. Of these, 465 were regular hospital patients and 6 were out patients.

"To give a more accurate knowledge of the amount of work done, some patients remaining longer than others, I report that 19,351 days care were given during the year. 2,562 days care were given to those unable to pay. 3,962 days care were given to patients able to pay only part of cost. 7,612 days care were given to those paying full cost, and 5,213 days' care to those paying regular hospital charges. There have been 571 treatments given to out patients and 825 visits have been made to the homes of the poor by our district nurse.

COST OF POOR PATIENTS.

"The amount of money spent in caring for those unable to pay during the year computed on a basis of actual cost to the hospital has been \$8,682.90.

"Although caring for so many—973 in the hospital—we have had but 7 deaths and a large number of those, particularly, were patients from the country who came as a last resort when too far for medical or surgical aid to save them.

"There have been 500 surgical operations in our surgical pavilion, many of the operations having been performed by the surgeons without charge to the patient.

RESIGNATIONS.

"In July, Miss Houghton, the director of the surgical pavilion resigned her position. The place was filled by Miss Stockall of San Francisco for a graduate and post-graduate of Johns Hopkins Training School for Nurses. She is elected to the vacancy and took charge of the school October 15th. She is filling the position with great satisfaction to everyone. The heads of other departments remain the same as last year.

DIET KITCHEN.

"In July, Miss Emma Hanks was engaged to direct the diet kitchen work and instruct the pupil nurses in diet cooking. This work had been done previously by the superintendent of nurses and director with some instruction by specialists in cooking. Miss Hanks has shown marked ability and the work in her department has been much improved.

NURSES' MUTINY.

"The year has been one of encouragement and measure to the management of the hospital with the exception of one disheartening experience, which was a refusal one morning in July of a large number of our nurses to go on duty or, in any way, to care for their patients until one of their number, who had been suspended for three days, until the directors could meet and inquire into a disagreement between herself and the head nurse, of the surgical pavilion, should be reinstated.

"A number of odd planes will also be included at less than one-half their regular retail value, on terms of payment of \$4 and \$5 per month.

"This sale as above is now being held at the former salesrooms of the Hauschild-Potter Company, 916 Broadway, between Eighth and Ninth streets, Oakland Calif.

"Store open day and night until stock is closed out.

S. A. POTTER,
Surviving Partner.

been caused by a few misguided leaders, and that the many had acted through misunderstanding and are loyal and worthy nurses, having a full appreciation of the noble profession of nursing and their sacred duty to the sick under their care.

RAISING EMERGENCY FUND.

"As we have no endowment, except one bequeathed by Mr. R. W. Kirkham for the benefit of St. John's Church, the income of which is quite exhausted in caring for patients sent for that bed, and one thousand dollars contributed by Mr. C. C. Cole, the income of which must be used in support of the Doutie Cooke Annex; and, as we receive no city, county or State aid and are liable, at any time, to be visited by epidemic, fire or other misfortune, cutting off all sources of income, we must raise money. And our advisory board have long felt it absolutely necessary that an emergency fund be provided for, and to this end, some of our more prominent women have stood at the head of the movement, making a time making and selling doughnuts at street fairs and have worked from dawn till dark many days at rummage sales. When Mrs. F. M. Smith so kindly offered to allow Fabiola to share in the work, we were greatly pleased.

"The report continues: "Seventeen weeks of nursing in private houses has been done but it has been found extremely difficult to respond to the many outside calls for nurses as the needs of the hospital vary so greatly that it is impossible for us to tell what demands will be made on us day by day. The calls for hourly or district nursing have kept one nurse employed during the greater part of the year. Sixty-four patients have been cared for by her and 826 visits were made.

TRAINING SCHOOL.

The report of the training school for nurses by Katherine Fitch, superintendent of nurses, contained, among other things, the following:

"Nurses in school, 4; probationers, 8; probationers admitted, 28; probationers accepted, 19; probationers resigned, 4; probationers unsuitable 1; nurses resigned, 5.

"The following nurse completed the course of teaching: Lissie Shepherd, Short, Gould, Isges, Laith, Almen, Fenlon, Graham, Elvidge, Winter, Polles, Melville, McElrath.

THE LATEST NEWS.

WAR SHIPS STATION FOR SAN FRANCISCO

Fleet at Port Arthur Has Cleared for Action.

ST. PETERSBURG, Feb. 5.—At all the embassies the attachés were busy getting off cipher dispatches to their governments.

The people for the first time, seemed noticeably moved at the prospect of war, gathering in groups to discuss the situation. Increased activity also was apparent at the various ministries, but the high officials remained calm insisting that a peaceful settlement is still possible.

They say the military and naval preparations have been forced on Russia by the open and hurried discussions of the attachés, and that misinterpretations are being constantly placed on Russia's movements in the Far East, which represent Russia as already engaged in aggressive tactics.

As an illustration they cite a despatch published in London reporting the alleged mysterious departure of the Russian fleet from Port Arthur. The chief of the naval staff said the war ships had merely left the harbor for a cruise around the Far Eastern waters to try their energies, so as to be in readiness to meet the Japanese warships in case of an attack.

When shown the Associated Press despatches under today's date from St. Petersburg, the Russian correspondent at Port Arthur, the same official declared it to be correct in every particular. He also said Russian troops had not been dispatched to Chemulpo and believed that the sending of Russian troops to Korea or the direction of Russian warships to Korean waters was impossible under the present conditions and on account of strategic and political reasons.

FUNERAL OF LATE HARRY JACKSON.

The funeral of Harry Jackson who committed suicide last Monday night, took place this afternoon from the undertakers' parlors of James McNamee on Seventh street. Religious services were conducted by Rev. Father Morrison of St. Mary's Church. These were followed by the reading of the ritual of the Foresters of America.

The remains were taken to St. Mary's cemetery, accompanied by a large number of the members of the Bartenders' Union, Foresters of America, and the fraternal order of the Eagles, all of which the deceased was a member.

COTTON SCARE.

NEW ORLEANS, Feb. 5.—The panic declined in the cotton market, but was repeated here today. The fear of war seemed to be the only excuse for the enormous liquidation. In the midst of the intense excitement the bull leader, Brown, managed to make himself heard, and told traders that they were bringing ruin on themselves and the South by their unreasonable fears.

FOUND MURDERED IN THEIR HOME.

RIVERTON, Neb., Feb. 5.—Dan Barker and his wife have been found murdered in their home, said Barker's brother, Frank, is under arrest.

TRAINING SHIP ARRIVES.

NEW YORK, February 5.—The Italian training ship Amerigo Vespucci, under command of Count Di Riva, with 300 cadets on board, arrived here today.

FRANCE WANTS PEACE.

Full Contents of Russian Note is Not Known.

PARIS, February 5.—Foreign Minister Del Casse presented a review of the Far Eastern situation at a meeting of the Cabinet today, but the Foreign Office says he was unable to acquaint the Ministers with the full contents of the Russian reply, because it had not been received here. Until war actually begins the French authorities say they will take the view that a peaceful settlement is possible. They admit, however, that the chance is slim, despite the concessions which Russia is expected to have made.

At the Russian Embassy it was said that one Sunday or later there will be news, but that there was nothing to justify the pessimistic reports which have been current for the last few days.

An interview, published here, with Baron Hayashi, the Japanese Minister to Great Britain, has attracted marked attention in the higher government circles, particularly in the declarations that Japan, Russia signs a treaty carrying out Japan's demands war will result and also his statement that Japan desires to be left alone and will object to any intervention from Great Britain tending towards inducing the acceptance of Russia's reply.

SHOWER OF HOT COALS.

TWELVE PEOPLE BURNED TO DEATH BY AN ERUPTION.

AMSTERDAM, February 5.—The Colonial Office later received a despatch from the Governor of the Dutch East Indies reporting the eruption of the volcano of Merapi, in the island of Java, and saying twelve persons were burned to death and that twenty were severely injured. The eruption was accompanied by showers of red hot coals.

UNKNOWN MAN TAKES HIS LIFE.

SAN FRANCISCO, February 5.—The body of a man, poorly clad, was found in a lumber yard at Bay and Kearny streets at 8:15 o'clock this morning. An empty carbolic acid bottle beneath the head indicated that he had grown weary of life and driven the bottle into his skull. When the officers arrived, he was searching the various rooms in the cathedral for valuables. He was arrested and taken to the City Prison. It gives his occupation as a sailor.

The dead man was about 45 years old and there was a week's growth of beard on his face. He was of medium size and weighed about 140 pounds. He wore a red, white and blue negligee shirt, with black bow tie with white and green dots. His coat and vest were of white and black checks and his trousers were gray ribbed.

A FAMOUS CASTLE.

NEW YORK, February 5.—A Danish castle of Kronborg, famous as the Elsinore of Shakespeare's "Hamlet," is threatened, according to an American despatch from Berlin, by destruction by the undermining tides of the Kattegat. The foundations are seriously damaged and the castle may have to be pulled down, together with the terrace on which the ghost of Hamlet's father appeared.

HE WAS CAUGHT IN ACT.

BURGLAR ENTERS THE MASONIC CATHEDRAL AND IS CAPTURED.

Charles Haldenby, who resides at the Ramona House, was caught in the act of burglarizing the Masonic Cathedral at Fourteenth and Harrison streets today. He effected an entrance to the building by forcing a window of the kitchen of the janitor, who called the police. When the officers arrived, he was searching the various rooms in the cathedral for valuables. He was arrested and taken to the City Prison. It gives his occupation as a sailor.

The Rain Has Come

and we
welcome it

We wish it would rain so hard for three days that not a customer would come to our store. Every drop of rain is more valuable than grains of gold.

When the sun shines again, we shall have had an opportunity to put our big store in order and you will have been assured of another year of prosperity.

And that means more furniture buying. And that means more happy homes. And that's what we all want.

PERSONAL AND SOCIAL.

MRS. BORNEMAN AND MRS. MARTIN WILL GIVE A
LARGE AFFAIR.

Mrs. George Borneman and Mrs. Shelby E. Martin have sent out invitations for a large card party to be given February 13 at the home of Mrs. L. L. Bromwell on Ninth and Madison streets. The popular game of five hundred is announced for this event which will be one of the most interesting of the week.

Those who will assist the hostess include Mrs. L. L. Bromwell, Miss E. J. Cotton, Mrs. Louise Allender, Mrs. Frederick Dallam, Mrs. Francis Muser, Mrs. J. Loran Pease, Mrs. Frederick Stolp, Charles Lovell, Mrs. Edward Griffiths, Mrs. Felton Taylor, Mrs. Percy Bromwell, Mrs. Churchill Taylor, Mrs. Richard Bahls, Mrs. Willard Forsyth Williams, Mrs. Lou Ghardeill, Mrs. John F. Conners, Mrs. W. E. Miles, Mrs. de Ver McLaren, Miss Bromley of Chicago, Mrs. J. M. Kelley and Miss Margaret Matthews.

INFORMAL SEWING BEE.

It was a merry little party of busy workers who gathered yesterday afternoon at the home of Miss Helen Dornin for an informal sewing bee. The needles stitched merrily for an hour or two and then a dainty luncheon was served and work for the afternoon declared to be over.

Those who participated were Miss Rose Kales, Miss Louise Hall, Miss Katherine Kutz, Miss Gertrude Russell, Miss Sevilla Hayden, Miss Mabel Cooley and Miss Helen Dornin.

CARD CLUB MEETS.

Misses Ruth and Alice Knowles entertained the members of the Wednesday Afternoon Club today at their charming home on Jackson street. After a jolly game of five hundred a dainty collation was served and the happy party disbanded.

The membership of this club includes: Miss Edith Gaekli, Miss Christie Taft, Miss Edith Seiby, Miss Ethel Valentine, Mrs. William Watt, Miss Claire Chabot, Mrs. Irving Lumborg, Miss Ruth Knowles, Miss Alice Knowles, Miss Gertrude Allen, Miss Bessie Palmer, Miss Jane Crillen and Miss Ethel Crillen.

SEWING CLUB.

Mrs. Paul Lohse welcomed the members of the Thursday Afternoon Sewing Club yesterday at her apartments in the Albany Hotel.

This little group included Miss Noelle De Golla, Miss Jessie Craig, Miss Irene Bangs, Miss Isabelle Kendal, Miss Letitia Barry, Miss Ann McElrath, Miss Jessie Havens, Miss Effie Wade and Miss Lillian Reed.

MRS. TYSON'S AFFAIR.

Mrs. George H. Tyson of Alameda was hostess yesterday afternoon at one of the prettiest events of the week, a card party which was enjoyed by sixty guests. The drawing room was exclusively decorated with pink carnations and ferns, the living room in dainty blue violets and the drawing room with a profusion of rich Oregon leaves.

The prizes were won by Mrs. Philip Teller, Mrs. Herbert Folger, Mrs. Louis Bissell and Mrs. Howard Holmes. Assisting Mrs. Tyson in receiving were Mrs. C. H. Shattuck, Mrs. James Tyson, Mrs. Robert Tyson, Mrs. Eugene Bresse, Mrs. William Abbott, Mrs. Fred Haight, Mrs. Charles Tisdale and Mrs. R. C. Medcraft.

AT THE SAMUELS HOME.

Judge and Mrs. George Samuels entertained informally at cards at their residence on West street Wednesday evening in honor of Mrs. F. M. Heath, secretary of the State Federation of Women's Clubs, and Mrs. C. R. Stibbens, delegate to the federation's convention in Sacramento. Both Mrs. Heath and Mrs. Stibbens are from Riverside. A pleasant evening of whist was enjoyed.

Among those present were Judge and Mrs. J. J. Allen, Mr. and Mrs. P. M. Walsh, Mr. and Mrs. A. P. Leach, Mr. and Mrs. W. H. L. Hynes, Miss Thompson, T. W. Harris and Frank Barnett.

PLAYED FIVE HUNDRED.

Mrs. Sheppard Jenks entertained a number of friends this afternoon at a delightful informal game of five hundred. The house was simply and effectively decorated with clusters of spring blossoms and trailing asparagus fern.

Miss Jenks was assisted in receiving by Mrs. T. Ernest Nicholson, Mrs. William Mihraim, Miss Beaupre, Mrs. Frederick B. Dallam, Mrs. Howard Robbins, Miss Ethel Johnson and Miss Irene Colegrove.

CELEBRATED BIRTHDAY.

Mr. and Mrs. F. A. Stearns entertained the Peralta Whist Club last Tuesday evening at their pretty home on Athol avenue. The event was memorable since Tuesday happened to be Mr. Stearns' birthday and the date was fittingly celebrated at the club meeting. After a delightful card game an old-fashioned oyster supper was served and the guests departed at a late hour.

AN ENGLISH TEA.

The Ladies' Guild of St. Andrew's Church are planning to give an English tea and entertainment Thursday evening, February 11th, in the Guild Hall of the church at Twelfth and Magnolia streets. A splendid program has been prepared and the affair promises to be one of the most enjoyable of the coming week. The tea will be the feature of the afternoon and a cordial invitation is extended to the public.

Among those who will contribute to the entertainment are J. E. Kent, violin solo; Mrs. Thompson and Mrs. Merriman, vocal selections; Messrs. Fellowes and Wilson, specialties; Miss Barstow and Mr. Lloyd, vocal solos; Miss Elsie Cahill, cornet solos; Miss Smedley, vocal solo.

FIVE HUNDRED CLUB.

Mr. and Mrs. Willard Williamson entertained the Five Hundred Club at their pretty home last evening. This club is one of the most congenial of the season and has had a number of delightful informal affairs.

The membership includes Mr. and Mrs. Lee Cole Burnham, Mr. and Mrs. Willard Williamson, Mr. and Mrs. Frank C. Watson, Mr. and Mrs.

OVERWORKED WOMEN

The Suffering and Pain Endured by Many Working Women is Almost Beyond Belief.

How distressing to see a woman struggling to earn a livelihood, or perform her household duties when her back and head are aching! She is so tired she can hardly drag about, and every movement causes pain, the origin of which is quickly traced to some derangement of the female organism.

When the monthly periods are painful or irregular, when backaches and headaches drive out all ambition, when "I-can-hardly-drag-about" sensation attacks you, when you are "so-nervous-it-seems-as-though-you-would-fly," it is certain that some female derangement is fastening itself upon you. Do not let the disease make headway; write your symptoms to Mrs. Pinkham for her free advice, and begin at once the use of the medicine that has restored a million women to health—

Lydia E. Pinkham's Vegetable Compound.

Profit by the Experience of the Women Whose Letters Follow:

"DEAR MRS. PINKHAM:—Your medicine has done so much for me I want to tell everyone how it absolutely cured me. Three years ago, when my dear husband was sick in his last illness, I lifted him and hurt myself. I fell the strain, then I felt something give way inside. Afterwards I found it was my womb, and I suffered the most dreadful agonies from falling of the womb. I began dressmaking, but could not do my work for pain and nervousness. Trying to sit still and sew seemed to drive me nearly crazy, and I did not seem able to get any help from doctors or medicine. I was so unstrung and nervous I hardly dared to go out in the street, for fear I would not get home safely. It would make me scream to see a car coming even, and I was so terribly run down I did not know what would happen."

"A friend suggested I take Lydia E. Pinkham's Vegetable Compound, and on her advice I bought a bottle. It did me so much good I bought more and kept on taking it, and when I had taken eight bottles I was entirely cured."

"Whenever I hear of a woman suffering I tell her about my cure, for your medicine has helped me so much I know it would help all suffering women. Women need not get so discouraged over their health, if they would take your advice and medicine."—Mrs. BERTHA HENLICH, 224 East 9th St., New York, N.Y.

"DEAR MRS. PINKHAM:—I can not tell you with pen and ink what good Lydia E. Pinkham's Vegetable Compound did for me, when suffering from the ills peculiar to the sex, extreme lassitude and that ill-gone feeling. I would rise from my bed in the morning feeling more tired than when I went to bed, but before I had used two bottles of Lydia E. Pinkham's Vegetable Compound, I began to feel the buoyancy of my younger days returning, became regular, could do more work and not feel tired than I had ever been able to do before, so I continued to use it until I was restored to perfect health. It is indeed a boon to sick women and I heartily recommend it. Yours very truly, Mrs. ROSA ADAMS, 819 13th St., Louisville, Ky."—Niece of the late General Roger Hanson, C. S. A.

SESSIONS' CLAIM STREET WORK OVERRULED.

STREET COMMITTEE DECIDES TO GO AHEAD WITH GRADING OF COMMERCE STREET.

The protest of E. C. Sessions against the grading of Commerce street, between East Twelfth street and East Twenty-second street, was overruled by the Street Committee of the City Council last night. At the protest had been given an order of hearing. Mr. Sessions stated that he was opposed to the grading unless the cost was to be covered, gutted, and remedied. The proposed grade, the protestant contended, was not in demand, and would merely cause filling in some places to the extent of fifteen feet. The protestant further asked that the assessment districts be readjusted so as to include all the property directly involved.

"According to the proposed assessment," said Mr. Sessions, "those benefits as much as those owning property fronting on Commerce street will escape paying for the work. The proposed grade is to be a mere waste of public funds, which of the avenue south of Fortieth street.

RESOLUTIONS. Resolutions were disposed of as follows:

Seconding the motion of Intention in favor of the subdivision of East Twelfth street between Adeline and Market, and in favor of the subdivision of the west side of the street between Washington and Franklin, the committee voted to accept the resolution of the Commercial Club.

Seconding the motion of Intention in favor of the subdivision of the west side of Franklin street between Franklin and Harrison, the committee voted to accept the resolution of the Commercial Club.

DOES LITERATURE PAY?

CUBA FINALLY EVACUATED.

An inquirer (young, we presume) writes to ask if the literary profession is one in which fame and remuneration can be gained—if it is a profession in which success is reasonably certain. We hardly know.

Really, we doubt if we understand what is meant by the literary profession. Ordinarily a man can be educated for a preacher, an engineer, a lawyer, a pedagogue or something else, but it requires some inward impulse to make a writer, an impulse that is not prompted by education or trained by text-books and directed by all campaigners who have learned in the school of experience the best way of attacking the public with a pen.

Pens, by the way, suggest two things entirely unrelated. To a packer they suggest pigs. To a librarian they suggest authors. To the general public the distinction is not so wide; the successful writer being viewed with the same sort of curiosity that is excited by the educated hog in the circus and the unsuccessful one much as a degrading, half-starved razor-back is regarded in a village where swine are under both social and political ban. If a writer is looking for fame he will have to inquire of the next generation. If he is looking for ducats, he had better go into literature in the same way that the patent medicine man enters for the practice of medicine—make something to sell rather than produce something to enrich literature and instruct mankind.

At auction in England the other day, a man bid \$22,500 for the original manuscript of Milton's "Paradise Lost." Milton sold it for \$10. When Milton sold it the manuscript was literature. Now it is only a curiosity. Its owner probably thinks literature a beggarly, shabby business—and he is right. When a man is dead what he writes may be appreciated and his manuscript sold at high prices—as curiosities. But that will hardly pay gas and grocer's bills in the living present. It is perhaps more lucrative to sell books than to write them—that is, if the books are compilations from authors who are dead and without copyright redress or other beneficiary interest.

The owner of the original manuscript of "The Raven" asks \$10,000 for it. Poe got \$10 for the poem. That illustrates the difference between literature and curiosities. Poe also gained something else by writing "The Raven" and other works that are immortal in literature—or curiosities shops. He has been handed down to posterity as a drunkard, a gambler, a spendthrift, and an altogether disreputable person. He was getting \$10 a week when he was editing Graham's Magazine and doing the best work of his life. Think of what a high old time he must have had on this munificent wage! How he must have revelled on the green cloth and looked steadily on the wine! A dock labourer receiving equal wages might have gone drunk regularly once a week without the fact being recorded in history. Poe got drunk once in six months, the spree is prolonged through countless generations. Such is fame! And all on \$10 a week!

The "literary profession" as our inquirer terms it (he would probably call a drummer a commercial traveler) has its curiosities, but its emoluments are reserved rather to the Ned Buntlines than the Edgar A. Poés. The writer of a cheap farce will get more money for his work than Milton got for "Paradise Lost," although the farce and its author will be forgotten tomorrow while "Paradise Lost" will be immortal.

Here we arrive at the kernel of our correspondent's query. Does he hanker after the kind of a literary profession that Milton and Poe and the brightest geniuses of letters pursued—or does he seek the kind that trades on the sensations and the fads of the hour to get money and temporary notoriety? There is a wide difference between literature and literary charlatany. The latter is infinitely the more profitable. The former only enriches its votaries with posthumous fame; and even to gain that they must possess a spark of that divine something, we call genius. Even the fame that posterity awards is often dimmed with contumely. Man kind refuses to forget that Homer was blind and begged his bread. Poe's excesses have grown in proportion to his fame, even for a time outstripped it. But the profession of literature has its compensations (such as they are) which are illustrated by what Carlyle said of Jean Jacques Rousseau. "A hundred years ago the French nobility could afford to laugh at 'The Social Contract,'" said he. "Their hides went to bind the second edition." Still that does not prove literature to be a paying profession—that is, in the sense Morgan or Schwab would call paying.

VETERAN RESERVES N. G. C.

—

Company A, Veteran Reserves, N. G. C., has received notification of inspection by a United States regular army officer in April.

The anniversary of the organization of the company will be celebrated at the Armory on February 24.

Private Winkler presented the company with a gavel which came from Manila.

PASSED BY SENATE.

WASHINGTON, February 5.—The point of order made by Mr. Bailey of Texas against the St. Louis Fair appropriation was lost by a vote of the Senate and the amendment was agreed to. The urgent deficiency bill was then passed.

WEATHER FORECAST.

SAN FRANCISCO, February 5.—Forecast: San Francisco and vicinity. Cloudy unsettled weather with showers this afternoon and tonight; cloudy Saturday, continued cold, fresh southerly wind, changing to northwest.

A phonographic sample of Kaiser William's eloquence is to be preserved at Harvard University and the National Library at Washington. It is more than likely that the Kaiser would get on better if he made all his speeches to a phonograph.

Hints for the Ladies.

The small garrisons of American troops at Santiago and Havana have been withdrawn and now the flag of the Cuban Republic floats alone over the island. While the American garrisons in no way interfered with governmental affairs after General Wood surrendered his authority into the hands of President Palma, the presence of American troops, even in such small number, carried the suggestion that the United States Government had not entirely let go its grip on Cuba.

That suggestion has been finally and fully dissipated, and at the same time emphatic contradiction is given to the European prophets who confidently predicted that the United States would never let Cuba go. Not only has the United States let Cuba go, but they have let her go peaceful, prosperous and well governed. As results of the American occupation, industry and commerce have been revived, the cities cleaned and a system of free popular education established. Wages have risen to a higher level than ever before, and the sanitary conditions have been improved in accordance with modern scientific methods.

Havana and Santiago are connected by rail, and the railroad system centering at Havana touches every important point on the island. Trolley lines, modern sewerage and purified water supply for the cities are other results of American occupation.

We have thus redeemed every promise to Cuba and the world. We have freed the Island from the intolerable tyranny of Spain and set it up as an independent power in the full enjoyment of liberty, prosperity, health and happiness. So closes one of the brightest chapters in our history.

The announcement that J. Pierpont Morgan is to take up his residence in England is probably a canard. The experience of Whitaker Wright is not calculated to make England inviting to a man of Mr. Morgan's financial methods.

Smooth can at least say he is not in the class with Dietrich and Burton. Still the ladies and the Parsons are making no concerted effort to oust the two latter.

The dispatches are so contradictory that one is at a loss to tell whether Senator Hanna is a candidate for the Presidency or the cemetery. We sincerely hope he will not win in either case.

Mr. Bryan's declaration of war on money changers recalls to mind the fate of the last man that put up the same sort of fight.

To add to the wars of the East it is now announced that ice will be high next summer because the extreme cold has interfered with harvesting the ice crop. We do things better out this way. We cut the winter out, and raise our ice by irrigation. It's a heap more comfortable and costs less for coal and overcoats.

In the settlement of the shipyard trust squabble, Charles M. Schwab had his claim shaved down fifty per cent. Instead of getting \$30,000,000 in bonds for the Bethlehem steel plant he gets \$9,000,000 of preferred and \$8,000,000 common stock. He will now be compelled to take his chances in the property with other stockholders, whereas he formerly held a mortgage claim against all the plant that was superior to the ownership rights of stockholders. While all the water has not been wrung out of the shipyard trust capitalization, the bulk of it has been, and the process has revealed perhaps the most scandalous piece of financing that this country has ever known. The infamous deal wrecked the reputation of J. Pierpont Morgan, whose name had become a synonym for financial soundness and success. The court disclosures proved that his methods were not a whit more straightforward than Whitaker Wright's though he took greater care to divest himself of legal responsibility.

ALAMEDA COUNTY DENTISTS HOLD A BANQUET.

DR. J. LORAN PEASE, PRESIDENT OF THE ALAMEDA COUNTY DENTAL CLUB.

The Alameda County Dental Club is a popular organization and has a large membership. The annual banquet of the organization, which was held in Hotel Metropole, was one of the pleasant affairs of the season. Dr. J. Loran Pease, president of the club, read his annual report showing the work that had been accomplished during the past year. Dr. Pease was unanimously re-elected to serve another term as president. He is very popular in his profession.

WHAT THE UNIONS ARE DOING.

PAINTERS FORM A SOCIETY TO PROVIDE SICK BENEFITS

"Auxiliary Benevolent Association" is the name of the new society formed by the local Painters' Union, No. 127. The society is independent of the union, although it is made up of members of the union. The society was formed for sick benefits. Having joined the society and seen in good standing for six months the members are allowed \$7 a week while sick.

The initiation fee is \$1 and the dues are 25 cents a month. At the present

time the organization has about fifty members and the list is steadily growing.

The society will not pay benefits before the first of June. The founder of the society is W. P. Ward, secretary of the Painters' Union.

The union received four applications for membership and initiated two new members at last night's meeting.

MATERIAL TEAMSTERS.

The material teamsters met for the first time last night in their new headquarters, 1928 Broadway. The proposition to give a benefit show was discussed. If the teamsters do give an entertainment it will probably be given in Peck's Theater. Nothing definite was done in the matter.

Two new members, Lawrence Gladning and J. J. Gray, were initiated by the union. Six applications for membership were received. T. Donaughay was given a card of withdrawal.

FEDERATED TRADES.

A regular meeting of the Federated Trades Council was held in Cocks and Waiters' Union headquarters last night.

William McCarthy was received and seated as a delegate and representative from the Retail Clerks' Union.

The executive board endorsed the cereal mill workers new wage schedule. The new wage rate provides for an advance in pay of 10 per cent. The craft is now receiving \$2.25.

The council donated \$10 to the unions in San Jose to carry on the injunction suit.

A committee from the Shirt, Waist and Laundry Workers' International Union came before the council and stated that all the manufacturers in the United States had adopted their label. The committee wished to impress on the public the importance of looking for the label on all collars, cuffs and shirts purchased.

The following resolution was unanimously adopted:

"Whereas, history shows that whatever evils accompany freedom of speech and of opinion, permanence of popular government can only be maintained by their exercise, and that no error need be feared where truth is free to combat it, and

"Whereas, our constitution secures freedom of thought and speech to us; therefore, we should assure the same right to aliens and strangers."

"Whereas, Russia, which excludes political opponents and represses free thought and free speech at home, has suffered more than any other Christian nation from violence and assassination, while England, which for sixty years has received and protected political exiles, repealing or permitting to grow obsolete her own repressive laws, has alone maintained complete internal peace, except in the case of Ireland, where repression was used, and has been free from revolutionary agitation; therefore, be it

"Resolved, that we protest against the actions of our citizens of Oldland, protest against some of the immigration law as it authorizes the exclusion and deportation of an alien solely because of his opinion, believing that his protest of law is libelous, unjust and untrue to the spirit of the constitution, and that it tends to the creation and encouragement of the evils it is intended to prevent;

"Resolved, that we recommend that petition be addressed to Congress, asking that the portion of the law against which we protest be repealed;

"And Whereas, John Turner, a citizen of England, is imprisoned under this act solely for his opinions, and despite the right of private consultation with counsel and permission to see friends, and is tormented and confined as though convicted of crime, although he is staying voluntarily in order to test the law;

"Resolved, That we protest against such treatment and against the administration of justice by which Turner was arrested and detained;

"Resolved, That we believe such arbitrary imprisonment to be against the will of our people, and that in the jealousy with which she guards the freedom of thought and speech,

PROTECTED BENEFITS.

The Novelty Theater never witnessed as large and as enthusiastic an audience as attended the benefit given in behalf of the Retail Clerks. The door receipts for the day amounted to \$350. A large

Among other features of the evening was the singing of Albert R. White. The union extends its hearty thanks to the public for the deep interest they took in making the entertainment a success.

CONDUCTORS' ANNUAL BALL.

The Order of Railway Conductors will give its annual ball on Monday, February 23. The committee which is making the necessary arrangements is composed of O. Hanks, H. W. Moore and L. L. Stevens. The ball will be given in Maple Hall.

Last year one of the features of the affair was the electrical decorations, the figure being a miniature reproduction of the Golden Gate Bridge in San Francisco. This year floral decorations are to be used instead of electricity and something decidedly unique is promised.

Valentines

from 1c each

and there are others up to \$5.00 each.

In our large selection of Valentines there are probably five hundred designs that were never turned out until this year.

It is impossible to go into details regarding the many cute ideas worked out into Valentines that cannot fail to interest and amuse.

Figures, dolls, animals, Chinese pipes, eggs, babies—everything that can be made to suggest the thought of the giver have been largely used, and the result is an exhibition of artistic wit and thought.

Then there are thousands of those beautiful, floral and ribbon-trimmed Valentines that look so attractive and expressive.

New Books

We have completed arrangements with every publisher of note to secure the very first copies of all new fiction. Not a day passes that we do not receive a package of new books.

KELLER'S HALF-PRICE SALE A WINNER

and why? Because every promise we make in print is kept to the letter. No one who can read, can be disappointed in the Keller store. It is not agreeable to read of depression in any part of our country but the fact remains that the East is far less fortunate than California at this hour. This is the reason why manufacturers are unloading immense lines of goods for almost anything that's offered. We acquired some remarkable bargains in just that way, and they are on sale now.

Fleece-Lined Underwear

We doubt if such Underwear was ever sold for less than 75c. It is warm, well finished, and wears well; Sale Price 45c

STUDENT EDITOR DEFENDS COLLEGE LABORERS.

Hart Greensfelder Has Sharp Things to Say in Today's Issue of the "Occident".

BERKELEY, February 5.—The action of the Sewer Workers' Union in passing a resolution condemning the proposed Labor Day at the University of California is caustically commented upon by Editor Hart Greensfelder in today's issue of the *Occident*, the college weekly. The following is the editorial:

The Sewer Workers' Union does not like the idea of Student Labor Day.

It will deprive the laborer of certain market for his labor, to which he has a "right." And according to the Sewer Workers' Union has resolved against it.

There is an arguable tone to the

resolution. Evidently the Sewer Workers' Union holds the notion that the

idea was originated with the sole pur-

pose of harassing the laboring man.

We are sorry to see this attitude.

It is significant of a feeling too prevalent among workingmen regarding the State University. It is often called a rich man's institution.

If the worker

understood his own best interests, he

would see in the State University a

great democratizing force. He would

see in it an opportunity for his own

children to progress as far in intellect-

ual as their native ability and their gifts

will carry them. He would recognize

that a large percentage of men work

their way through the university and

are put on such a basis of equality

as prevails nowhere outside of this

country.

"Tis resolution in a small way is an

illustration of the too-often demon-

strated fact that the workingman is

his own worst enemy.

"In the University and in the great

body of our community there is a well-

defined sentiment in sympathy with the

aims of labor unions. Raising of the

standard of life and securing for th-

em a friendly regard for the in-

terests of the workingman and to check

in its infancy a dangerous preced-

ent, we would suggest to the Sewer Work-

ers' Union that it rescind its voluntary

resolution. And we respectfully beg to

remind them that it is our privilege to

save the taxpayers' money if we so

elect, and that we, too, possess an in-

herent natural right to do our own

work if we feel like it."

CO-EDS TO RENDER ASSISTANCE.

THEY WILL SERVE LUNCHEON AT THE STUDENTS' LABOR DAY CARNIVAL.

BERKELEY, February 5.—If same-
can be secured by telegraph from
Supervising Architect John Galen
Howard, who is at present in the East,
the students of the University will
grade the road running from the south
entrance of the Greek Theatre past the
Chemistry and Library buildings on
the Labor Day carnival to be held
February 29.

The student laborers will be systematically organized and placed under bosses. The larger divisions will be made by colleges, which in turn will be sub-divided into smaller groups. The bosses of the various gangs will be appointed later.

The hours of work will be from 8 to 12 and from 4 to 6, constituting regular union labor day of 8 hours.

The women students have enthusiastically taken hold of their part of the day's performance, and indications are that there will be an over-abundance of entertainment served in Goc Canyon. The women students' committee, which was appointed yesterday, consists of Miss Martha Rice, '04, Miss Margaret Henderson, '04, and Miss Sarah McLean, '04.

In the evening there is to be a jolly-up enlivened with numerous original "stands" in the Greek Theatre.

There has been much wondering why the original plan of working at the new foot-ball grounds has not been carried out. These grounds, as projected by Mr. Howard, require the filling up of much dirt to make the desired elevation. The slopes of the earthen banks would overlap the space set apart for the stadium, which appears to be too small. This matter cannot be adjusted until Mr. Howard's return, which will not be until after Labor Day.

At Ripon, Manton, Los Banos and Newman Institutes will be held between the 10th and 13th by W. T. Clark, Professor E. W. Major, and John S. Dore of Fresno.

"But extreme reactionary notions among union men prejudice their cause in the people's mind and hamper their more legitimate efforts."

"The principle that any union has a right to protest against an institution doing its own work because thereby it decreases the demand for labor is an interesting one. It would appear equally well to an individual.

When the notion becomes well implanted that students have no right to cut off any market for labor we will have some interesting resolutions to deal with."

"Consistently, the United Order of Hatters will protest and resolve against Janitor and Sanitor plugs for they undoubtedly decrease the demand for headgear, while the International Garment Makers' Union will resolve against the everlasting corduroy that shuns hard-working tailors out of jobs. The Bootblacks' Union will resolve that we must not shine our own shoes, while the Amalgamated Association of the Wielders of the Razor will affirm that they have an inherent natural right to stop us from shaving our own faces."

"With a friendly regard for the interests of the workingman and to check in its infancy a dangerous precedent, we would suggest to the Sewer Workers' Union that it rescind its voluntary resolution. And we respectfully beg to

remind them that it is our privilege to save the taxpayers' money if we so elect, and that we, too, possess an inherent natural right to do our own work if we feel like it."

FINIGAN CASE AGAIN IN COURT.

Another suit was added today to a long succession of suits begun by Mary and Maud Lillian Finigan, the daughters of P. A. Finigan, the Berkeley capitalist, in an attempt to gather together property scattered by Finigan in a series of financial difficulties. The present suit involved a piece of improved property in Bilsomwood, east of Davis, and is valued at about \$29,000.

As a cause for action they allege that in the year 1879 their stepmother, Emily H. Finigan, began an action of divorce against their father in the County Court.

CUPID'S MIRROR.

The Secret of Woman's Beauty.

"The secret of a woman's beauty is not to be found in her dressing room or in the use of cosmetics, as critics might intimate," says Max O'Rell, "but lies in replenishment and a cheerful mind."

"The beauty of a woman's face or figure is but the external sign of the good health within," says Dr. R. V. Pierce, of Buffalo, the specialist in women's diseases. Further, to be happy and beautiful one must naturally have good health. Now, if a woman has dragging-down feelings, together with constantly returning pains and aches, a too great drain upon her vitality and strength, she will never look beautiful. The feelings of nervousness, the befogged mind, the ill-temper, the pale and wrinkled face, all result from those disorders peculiar to women, and the only way to effect their cure is to strike at the source of the difficulty. In the first place a woman should know thoroughly her own system, and this is easily acquired knowledge, for there are a number of good doctor books on the market.

"The People's Common Sense Medical Adviser," has perhaps been read more largely than any other, for it is now in its sixty-first edition, having printed nearly two million volumes.

Any one can obtain this book by sending twenty-one cents in one-cent stamps for the paper-bound book, or thirty-one cents for the cloth-bound book, to Dr. R. V. Pierce, Buffalo, N. Y.

WHY WOMEN SHOULD CONFIDE IN A MAN.

It is much easier for a woman to confide in the average man than in the average woman. She knows that the man will respect her confidences and keep them to himself. It is said that loyalty is usually lacking in the feminine make-up.

Without a perfect understanding there can be no helpful advice, and not one woman in ten places implicit confidence in her own sex. The consciousness of her own weakness puts her on guard against the failings of all other women. In the same way a woman hardly feels like confiding her woman troubles—her weakness due to diseases essentially feminine—to a woman. That is probably why women do not usually succeed as physicians. There is every reason why women should not trust their delicate constitutions in the hands of unskilled persons. It requires a thorough medical education to appreciate and understand the womanly organism. When a woman has ills and pains that she cannot bear—

GOOD WORK OF RELIEF SOCIETY

ANNUAL MEETING HELD BY THE DAUGHTERS OF ISRAEL.

The annual meeting of the Daughters of Israel Relief Society was held yesterday afternoon in the vestry rooms of the synagogue.

The officers elected for the ensuing year are: President, Mrs. M. H. Coffey; vice-president, Mrs. Harriet Marks; recording secretary, Ms. Gus Cohn; financial secretary, Mrs. Jules Abramson; trustees, Mrs. J. Rosenberg, Mrs. M. Klein, Mrs. A. Jacobs, Mrs. S. Elsasser.

The following is the address of the president, Mrs. M. H. Coffey:

"Ladies:—It is my pleasant duty to report to you the work of this society during the past year. It has not been a very hard year for us as the whole outlook of the year has been a better one. There is no financial depression. In fact, there is a great deal of activity going on in regard to building and improvements are springing up all over in this city and its suburbs. This activity has given work to common laborers, men who would otherwise lay around idle and be a menace to the community. This fact brings a great number of single men to our city. We have to cope with this problem, if we can call it such, what to do with them and how to help them bridge over their idle time. They are generally sent to your president, because it is the easiest way to get rid of them. I brought this fact to your notice at our last meeting. It was decided to ask the Board of Directors of the congregation to lend a helping hand to the ladies in this problem. But until now, we have not had any encouraging answers. I propose that a committee be appointed, consisting of good Jewish citizens interested in matters philanthropic, who will help us with this part of our work, as they may know sooner or later place these men that they may become self-supporting. We owe thanks to the officers of the Associated Charities who always come to our help with these men."

"I also urge the ladies to have a visiting committee, who will visit the people who come to us for assistance and help them with their advice. In that way we may keep them in touch with us, and they will learn our ways and their children coming in contact with us will become good respectable and enlightened citizens. At a meeting of the Associated Charities I met a Jewish boy of nine years, whose mother had to bring him there twice a week as he was one of those children taken before the juvenile court. The superintendent remarked that he suffered of an ignorant mother.

"We have at present 112 members. We lost some last year by removal and one by death, our worthy friend, Mrs. Annie Samuels—May her spirit rest in peace! I hope we shall not have to record another such fact again for a long time to come. May God keep His protecting hand over all members of this association. We also have lost an old protege of ours, Mrs. Lee Heim, by death. She had been taken care of for many years by this society.

"During my absence in the summer our worthy vice-president, Mrs. Harriet Marks, shouldered the responsibilities of this office in a manner worthy of recommendation. Also our secretaries and treasurers performed their various duties in a very excellent manner. The other officers and members whenever called upon cheerfully responded to their duty and the work expected of them.

"During the latter part of the past year our finances were in a rather low condition and the ladies decided to give an affair for the benefit of our funds. A whist tournament was given, which was a social as well as a financial success, and great credit and the thanks of the society are due to those ladies who undertook the laborious task, especially Mrs. Jules Abramson, the chairman, and her efficient co-workers. I hope that next year we will have more ladies to be interested in such work for our society.

"On several occasions we had some very interesting meetings. Once the superintendent of the Associated Charities, Miss Anita Maitland, told us about the workings of the State Board of Charities and the Juvenile court.

"It is to have a State Board of Charities and to have a juvenile court in each county of our State passed the last legislature and are now laws.

The latter especially is doing good work to neglected children. Then Mr. Sol Loewenstein, superintendent of the Jewish Charities in Cincinnati, addressed the ladies on charity work, and last, Mrs. S. Pisco of Denver, Col., visiting the Pacific Coast in the interest of the Hospital for Consumptives, told us how they take care of the consumptives sent there. All these addresses were interesting and instructive.

"Our thanks are due to Dr. Susan Fenton for treating our sick free of charge, also Dr. Green was kind to our poor. By hard work of some ladies, two little girls were put in the Hebrew Orphan Asylum in San Francisco to enable the widowed mother to take better care of her other children. Our sewing class, which did good work last year under the able guidance of Mrs. H. Cohn, has not yet been re-opened. We thank you for saving me the handsome fee I ever received as well as my reputation, and last but not least, my stomach."
